DD/I NOTICE
No. 20-560-2/2

DD/I N 20-560-2/2
14 April 1959

PROCEDURE FOR FILLING CERTAIN DD/I VACANCIES

Supplement to: DD/I N 20-560-2/1,
Dated 11 December 1958

1. Establishment of the so called "flexible T/O" [redacted] with the grouping of flexible positions on the staffing complements may create certain problems in the administration of the subject procedure. The following general guidelines are set forth: 25X1A

a. The transfer of a ceiling space and the incumbent from one flexible position to another will in no way create a vacancy.

b. As a general rule, the augmentation of one flexible position at the expense of another, where there is no incumbent of the latter position to transfer, will create a vacancy.

2. If other questions arise in connection with this procedure, please call the Assistant to the DD/I (Administration), extension 641, for guidance.
